

# 2021 Community Impact Grants

Made possible by many generous donors, the Community Foundation's Community Impact Grants are awarded through an application process and support local nonprofits whose strategies and outcomes align with the Foundation's four focus areas: **community vibrancy, economic prosperity, educational success, and health and wellness**. Within these areas, the Community Foundation has adopted funding priorities in education, housing, and workforce development initiatives that will increase access and opportunity for low-income residents in Richmond.

The Community Foundation, together with its donors, is pleased to announce Community Impact Grants for 2021, totaling \$3.5 million to 115 organizations across the region.

Donors can choose to support the grants process by contributing to the Foundation's new **Community Impact Fund**, which provides an opportunity for individuals and businesses to join us in addressing the most pressing needs and promising opportunities facing our region each year. **Learn more at [cfrichmond.org/GivingTogether](http://cfrichmond.org/GivingTogether).**

The Foundation actively collaborates with leaders across all communities and sectors, as we align our work to regional priorities. By working with the Community Foundation, our donors not only achieve their personal giving goals, but also become part of something larger by joining a community that nurtures and grows generosity to do more good.

**Contact your Philanthropic Advisor to learn more about the Community Foundation's recent grant awards and opportunities to leverage the impact of your charitable giving.**
