

Charitable Fund Fee Schedule

The Community Foundation offers a charitable fund fee structure that is both cost-effective and supports our best-in-class services to donors and our philanthropic impact in the community.

We pride ourselves on providing personalized guidance, educating and connecting donors to community needs they care about and leading on local issues of importance. The fee also helps cover costs associated with a range of services including: grantmaking, gift and fund management, investment oversight, annual audit and tax filings, auditing and due diligence review of all grantees. For each fund, the Community Foundation provides donors with quarterly reports of fund income, expenses and grantmaking.

The Foundation can offer the following competitive fee schedule through careful management and economies of scale created by the stewardship of more than 1,000 charitable funds.

Fee Schedule

Charitable fund fees vary by type of fund, based on the maintenance, paperwork, filings and services required. Fees are assessed based on a fund's average daily balance from the previous quarter.

Donor Advised Funds

Donor advised funds are created by individuals and families to support their charitable interests. The Community Foundation serves as a knowledgeable resource for community needs, provide transactional efficiencies, assistance with complex gifts, and timely reporting to enhance charitable giving.
