With the launch of the new Central Virginia COVID-19 Response Fund, the Community Foundation created this form to help nonprofit organizations in the Greater Richmond region share new or increased needs they are experiencing as a result of the coronavirus. This may include funding or volunteer needs. Please review the fund purpose before you begin at www.cfrichmond.org/COVID19fund.

The Community Foundation has not established an application process for this special funding opportunity and this form does not act as one. Rather, this is a way to help us assess emergent needs in the region and to inform our decisions going forward. While we may follow up with some organizations for clarification, we anticipate a large volume of submissions and may not be able to respond to every request.
